

International Conference of Aerospace Engineering & Control Technologies (CAECT 2018)

Welcome

Welcome to the International Conference of Aerospace Engineering & Control Technologies, CAECT 2018, that is being held in Athens, Greece during April 13-15, 2018. We will be in the centre where the classic scholars started their journey and laid the foundations for the seven classic subject. What better place to hold a scientific conference of international researchers, scientists, engineers, students and practitioners.

Call for Paper

Call for Participants

1. Join us as a Listener
2. Join us as a Presenter
3. Join us as an Invited Speaker
4. Join us as a Reviewer

More information is available in <http://www.caect.org/>

Conference Theme:

- **AEROSPACE MECHATRONICS AND AVIONICS SYSTEMS**

Spacecraft avionics systems, subsystems and technologies

Aeroelasticity and loads

- **AEROSPACE ENGINEERING**

Aerospace Design, Testing, and Performance

Aerospace Systems and Technology

- **CONTROL TECHNOLOGIES**

Robust sensing and information processing systems

Computer-aided and autonomous flight requires

Control engineering education

Identification and estimation

Networked control systems

Sensor network systems

Publication

All the registered and presented papers will be published in the volume of **IOP Conference Series: Materials Science and Engineering (ISSN: 1757-899X)**, which will be indexed by **Ei Compendex, SCOPUS, Inspec, Conference Proceedings Citation Index – Science (CPCI-S) (Thomson Reuters, Web of Science)** and other databases. All registered and presented papers will be **online publishing**.

Selected papers with extension can be recommended for publication in International journals.

Important Dates

- Abstract Submission deadline: Feb. 25, 2018
- Full Paper Submission: Feb. 28, 2018
- Notification of Acceptance: Mar. 10, 2018
- Registration Deadline: Mar. 20, 2018
- Conference Dates: Apr.13-15, 2018
